

A PLACE IN BETWEEN

23-28 February 2016

Private View: Thursday 25 February 6-9pm

From 23-28 February 2016 *A Place in Between* at Espacio Gallery showcases work from a hugely diverse national and international group of artists, in a variety of interpretations and mediums reflecting moments in the artists' lives when they found themselves in movement - either through space or state of mind.

The interface between life experience and the artistic process can be a strange mysterious world of half glimpsed effects and ideas, but this is also the place in between life events where creative sparks are born.

A private view will be held on Thursday 25 February from 6-9pm and the show continues daily from 1-7pm, Sunday 1-5pm until 28 February. The exhibition combines photography, printmaking, painting, 3D and mixed media.

Come and explore the interface between life and art; the inner place where creative sparks are born as the artists confront their inner selves during times of transition.
