Espacio Gallery is the newest venue in the heart of London's East End art scene, standing just 100m from the top of Brick Lane. It was founded by a group of artists working across all contemporary visual arts media who wanted a space especially designed to meet their aesthetic needs and to exhibit their work.

The Original Print Fair will be the first exhibition at the gallery to focus on contemporary printmaking. Showcasing techniques such as monotype, etching, lithography, linocut, screenprint and mixed media, this exhibition proves that even in a digital age, traditional skills can be used to produce cutting edge art that is innovative and exciting, as well as being affordable!
