Bring the inside, outside

YardArt brings art for outdoor living to Espacio Gallery
(17-23 May 2021)

Bringing their own unique outdoor artwork to Central London YardArt UK takes over the Espacio Gallery (159 Bethnal Green Road) from 17-23 May 2021.

The exhibition sees artwork, illustrations, designs and limited editions from Banksy, Rene Gurau, Spencer Rienhard, Jess Yelland, Charlotte Clemence & Jane Ruggerio making the galleries walls come alive in an eclectic mix of colour and style with one thing in mind - to bring the inside out!

With gardens becoming our extra 'rooms' to relax or entertain in, traditionally the emphasis has always been on the reliance on planting and hard landscaping elements to make an impression. YardArt seeks to challenge this concept with their unique Outdoor Wall Art providing an extra dimension to patios, terraces, balconies and outdoor spaces.

Completely weather-proof and durable, all of the works in the exhibition are digitally printed with UV protected weather proof colour fast inks and applied to a high quality outdoor grade 5mm acrylic, using YardArt's state of the art print technology, ensuring they are waterproof, fade proof and long lasting in all weathers.

Prices range from £295 -£2k+

'Heart Boy' - Banksy

Commissioned in conjunction with the Brandler Galleries, to celebrate the 'Moments' Street Art Exhibition (Bury St. Edmunds). Each piece comes with a certificate of authenticity signed by the Brandler Galleries. The 'Cheshire' edition features a rusty iron frame which is printed onto the artwork to enhance the 3D nature of the piece.

'Heart Boy' was originally painted on a 7-foot wall in Goswell Road, Islington by the artist but the demolition of the building in 2009 led to the removal and conservation of the mural. The mural was first showcased at Amsterdam's Moco Museum and its first UK showing will be at the 'Moments' exhibition.

John Brandler, owner of Brandler Galleries, owner of the original mural and co-associate of the 'Moments' exhibition has collaborated with YardArt to ensure a faithful reproduction of the artist's original work.

From £2,000 upwards. Limited edition of 25.
